

PRESS RELEASE

A NEW MILESTONE

I have the great pleasure to announce an outstanding new milestone for our company: **the 350th aircraft sold to date**, thanks to the combined efforts of our expert sales team.

What began as a dream back in 1997 as I finished my F1 career has evolved into a formidable reality where we now provide the expertise, knowledge, and results to our esteemed clients worldwide. From light jets and turboprops, to heavy jets and bizliners, we have spanned the globe with sales to 66 countries, and this year we are going even further into new markets and territories.

I would like personally thank our entire aviation network, clients, associates, and friends for the support and encouragement over the years. It is with your collaboration that we have been able to reach this milestone, and I look forward to working together in the future in order to reach many more!

With warm regards,
Thierry Boutsen
